

PHANUEL FRIDAY TOONIE DRIVE

We are called to action.
Help raise funds to support a Haitian
young man's University education.
Education is a powerful human right!

Who exactly is Phanuel?

Phanuel is a young man who has worked tirelessly on his studies for the past several years, and has been accepted into university. He beats the odds, as the chances of a student from Haiti receiving a post-secondary education are rare. A degree would help Phanuel, his family, and his entire community. Funds for fees are not available, and Phanuel's parents pray daily for their son's education. Helping Phanuel demonstrates the significance of education, and is an example of the power that each individual has to make a difference in the world!

Friday February 20
World Day of Social Justice
