

Called to Action – “Loonies for Learning”
Bringing Hope and Transformation in Our World

ACCESS: Allowing Children a Chance at Education

Integral to Dufferin Peel Catholic District School Board’s commitment to Social Justice and in bringing hope and transformation in our world, ACCESS Charity invites elementary and secondary schools to embrace our call to action and share in Christ’s mission in the world. ACCESS Charity, founded by Daniel Francavilla, a graduate from Dufferin Peel, along with a group of former Dufferin Peel students, has actively responded to global issues by protesting barriers to justice and enabling children in developing countries to receive an education. As we commence the new year, we invite all schools in our “call to action” by assisting impoverished children through ACCESS Charity. In January 2010, ACCESS Charity launches “Loonies for Learning” which will enable students in Haiti and the Dominican Republic to receive an education. Elementary and Secondary Schools are encouraged to make “Loonies for Learning” part of their Social Justice and Outreach initiatives, in order to become actively involved in assisting those in need - building bridges within our global world.
